CAPRI

ASGUARD

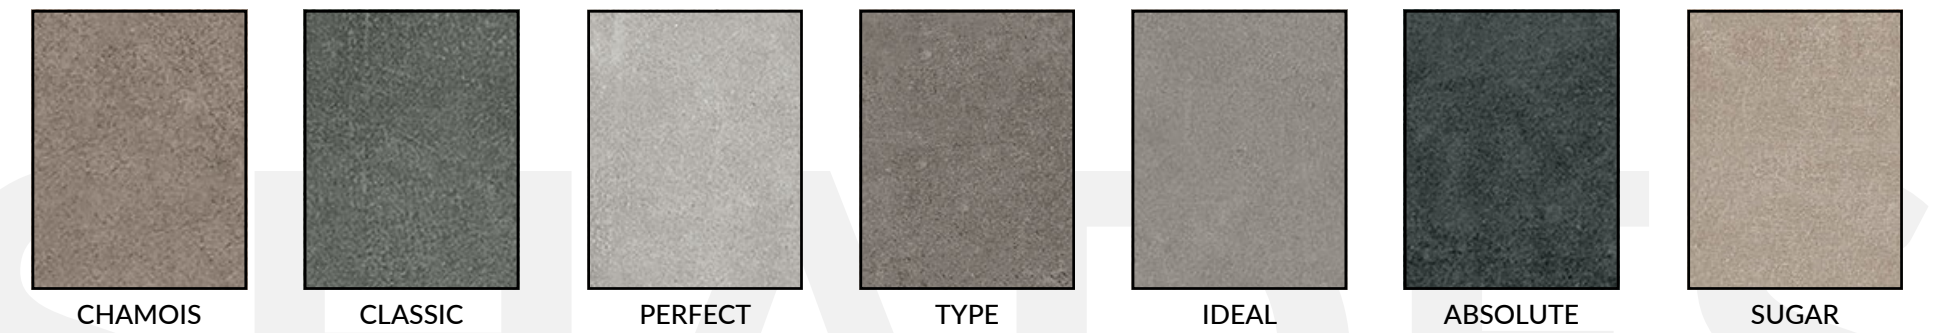

Extremely high-quality Italian made porcelain tiles.  
The ideal surface for all domestic or public uses.  
For all outdoor spaces, pavements and swimming pool areas.

A smooth concrete collection in porcelain stoneware style. A range of neutral shades, as well as a series of cold and warm grey nuances that combine attractively.

MIRAGE **GLOCAL**

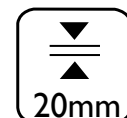

SHADES

# NORR

Internal sizes  
available

		
60x60	90x90	120x120

A micro effect for a highly appealing mood, offering superb ideas to bring a sophisticated, personal touch to every setting. This iconic texture displays an attractively irregular pattern in shades of grey, with a thicker grain and a striking material component.

- DO WHAT YOU LOVE
- MAKE IT HAPPEN
- ALWAYS POSITIVE
- LET LIFE SURPRISE YOU
- LIVE, LAUGH, LOVE.
- IT'S A BEAUTIFUL DAY

# DECORS

# FITTING METHODS

## METHOD 1

Lay the traditional way using a concrete slab as your base, outdoor porcelain can be laid using a standard polymer modified adhesive.

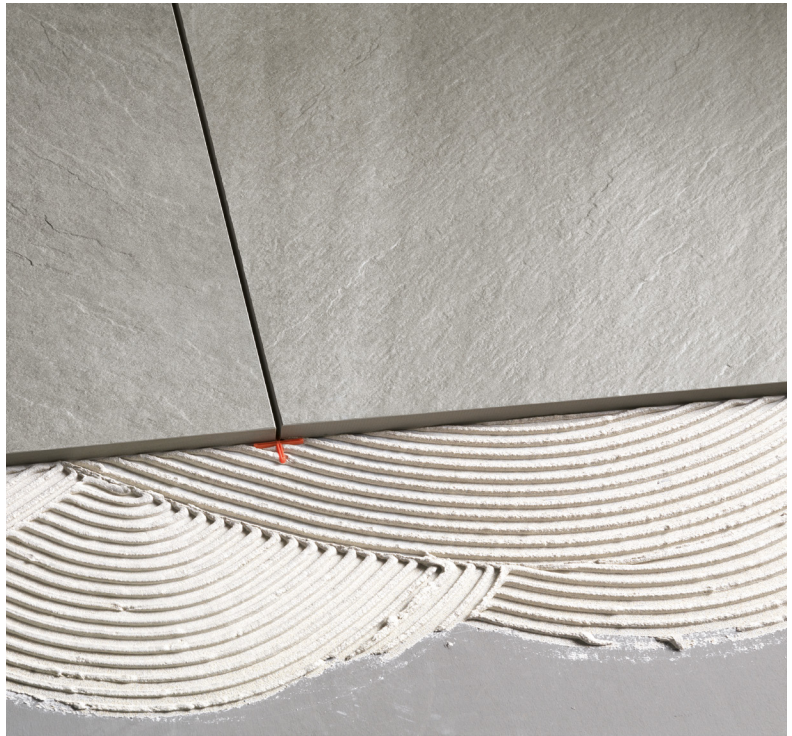

## METHOD 2

Lay using sand and cement. with a base of compacted MOT and hardcore outdoor porcelain can also be laid using more traditional methods such as a full bed of sand and cement.

## PEDESTAL METHOD

Ideal for balconies and roof terraces. The pedestal system creates a floating floor. With a huge range of height adjustments and slope correction this quick and easy method could work for you.

Please note\* Due to its dense nature, porcelain needs to be primed prior to installation using either an SBR slurry mix or our preferred and tested method is to back butter the slabs using S1 tile adhesive.

# SWIMMING POOL ACCESSORIES

Flower beds

Stair's step

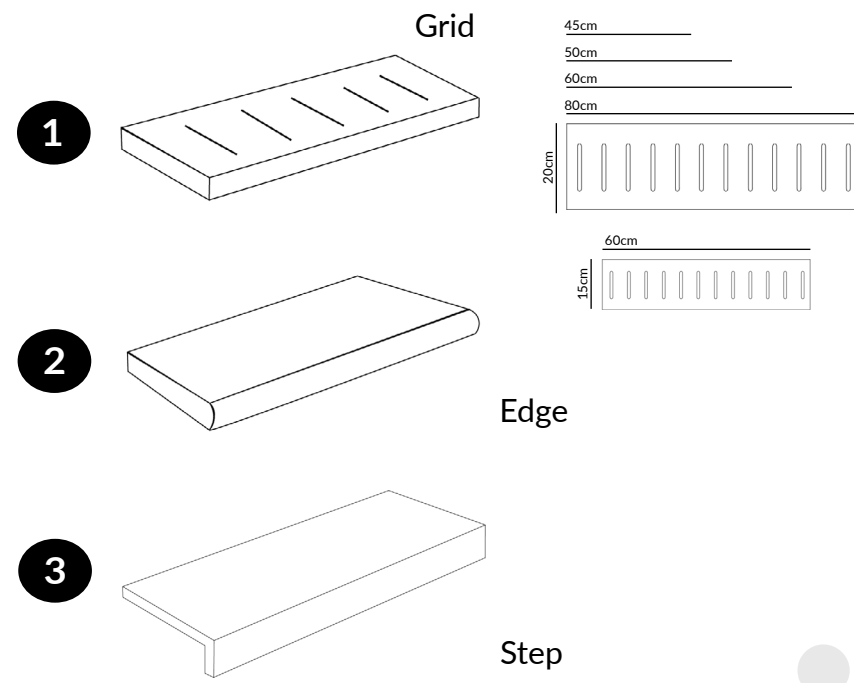

Handrail

Pool copings

R10 B certified surface, perfect for all public and retail spaces.

# ADVANTAGES

	<b>IMPACT RESISTANCE</b> Each slab can withstand loads of over 1000kg.
	<b>CHEMICAL AGRESSION</b> Totally resistant to acids, chemical agents, salt and verdigris.
	<b>STAINS</b> Remains unaltered overtime. Mold, Moss and Stain resistant.
	<b>THERMAL SHOCK</b> 100% frost-free, its properties remain unaltered at temperatures of -50° to +60°
	<b>EASY TO KEEP CLEAN</b> It requires no special or seasonal treatment and can be washed easily, even using a pressure washer
	<b>WATER ABSORPTION</b> Waterproof slabs, perfect for outdoor conditions.
	<b>NON-SLIP</b> It has non-slip properties due to the structured surfaces.
